

Hydraulic Swage Machine

For use in the repair of Thermoplastic Sewer Cleaning Hose

Sizes $\frac{3}{4}$ " – 1" & 1 $\frac{1}{4}$ "
Size Sewer Cleaning Hose

All sewer hose and repair fitting tools are manufactured to the National Solid Waste Management Association (formally WEMI) standards. To protect against PERSONAL INJURY OR DEATH, inspect and repair the sewer hose per NSWMA standards.

When using sewer cleaning hose and mending equipment, the swage and crimp equipment, including dies and fittings, MUST be of the same manufacturer. UEMSI disclaims any responsibility for any hose assembly not produced in conformance with above specification.

Available with wheels or without wheels

*** WARNING ***

FAILURE TO COMPLY MAY RESULT IN HOSE BURST OR COUPLING BLOWOFF WHICH MAY LEAD TO PROPERTY DAMAGE, SERIOUS INJURY OR DEATH!
